# 210 x 105 x 65mm

CHAMFERED CLAY PAVIORS

COLOUR, CHARACTER, TEXTURE, FLEXIBILITY, AVAILABILITY,  
INNOVATION, INDIVIDUALITY. BUT ABOVE ALL QUALITY.

# 210 x 105 x 65mm

## CHAMFERED CLAY PAVIORS

BLOCKLEYS 210x105x65mm NIBBED CHAMFERED CLAY PAVIORS ARE SUITABLE FOR A WIDE RANGE OF APPLICATIONS, INCLUDING PATIOS, DRIVEWAYS, PUBLIC FOOTPATHS, AND LIGHTLY TRAFFICKED AREAS.

THESE PAVIORS EXHIBIT PERMANENT "THROUGH BODY" COLOURS. THEY ARE UNAFFECTED BY ROAD SALTS, OIL AND PETROLEUM SPILLAGES AND, TO A DEGREE, ARE KEPT CLEAN BY NATURAL WEATHERING, PLANNED MAINTENANCE ACTIVITIES AND THE PASSAGE OF VEHICULAR TRAFFIC. THEY ARE TOTALLY FROST RESISTANT AND HAVE EXCELLENT SLIP AND SKIDDING RESISTANCE CHARACTERISTICS. ALL PAVIORS IN THE RANGE ARE DOUBLE SIDED AND HAVE DISCRETE CHAMFERS ON ALL EIGHT BED FACE ARRISSES.

NIBS ON THE VERTICAL FACES MAINTAIN A POSITIVE GAP BETWEEN PAVIORS. THIS FACILITATES JOINT INFILL DURING CONSTRUCTION AND PROMOTES THE DEVELOPMENT OF INTERLOCK, THEREBY MAXIMISING THE EARLY LIFE PERFORMANCE OF THE PAVEMENT.

A WIDE SELECTION OF CLAY PAVOR ACCESSORIES, INCLUDING KERBS, CHANNELS AND PRODUCTS TO AID THE MOBILITY OF THE BLIND AND PARTIALLY SIGHTED, IS AVAILABLE TO COMPLEMENT THE CHAMFERED PAVOR RANGE. THIS IS DETAILED IN OUR PUBLICATION - BLOCKLEYS PAVOR ACCESSORIES.

BLOCKLEYS' TECHNICAL DEPARTMENT IS ALSO AVAILABLE TO OFFER EXPERT ADVICE AND INFORMATION ON ALL MATTERS RELATING TO THE DESIGN, SPECIFICATION AND PERFORMANCE OF FLEXIBLE CLAY PAVEMENTS.

PLEASE DO NOT HESITATE TO CONTACT US WITH ANY QUERIES YOU MAY HAVE.

## ADVANTAGES:

- Naturally attractive
- Permanent non fade colours
- Easy to maintain
- Simple to install
- Resistant to staining (petrol, oil, acids etc.)
- Improves "kerb appeal"
- No efflorescence
- Good slipping, skidding and abrasion resistance
- Totally durable
- Can be readily uplifted and re-laid to provide access to underground services
- Full range of pavior accessories available
- Competitively priced

The representation of colours and textures illustrated can be accurate only as far as printing techniques will allow. Actual samples are available on request

### Technical Data

|                                     |                             |
|-------------------------------------|-----------------------------|
| Work Size                           | 207 x 102 x 65mm            |
| Co-ordinating Size (including nibs) | 210 x 105 x 65mm            |
| Dimensional Tolerance               | Meet tolerance requirements |
| Range                               | R1                          |
| Transverse Breaking Load            | T3                          |
| Slip Resistance                     | U3                          |
| Abrasion Resistance                 | A2                          |
| Liability to Efflorescence          | Nil                         |
| Quantity per pack                   | 400                         |
| Coverage per pack                   | 0.88 sq m                   |

Where appropriate technical properties are assessed in accordance with the requirement of BS EN 1344:2002
