

SILVER CORROSION in GASOLINE

11515-0 SILVER CORROSION TEST KIT - GASOLINE

ASTM D4814 Annex; IP PM DJ 2005

- Complete kit for two test stations
- Silver test tokens included
- Test token preparation materials included

The 11515-0 kit contains all the components necessary to assemble two test positions for testing to ASTM D4814 - 4b and IP PM DJ 2005. Also included are the silver test tokens and the necessary materials and equipment to prepare them.

Comprises: silver test tokens (pack of 5), glass support cradle (pack of 3), test tube (pack of 10), tube ejector spring (x2), corrosion test vessel (x2), flat test tube (pack of 10), 240 grit silicone carbide paper (pack 50 sheets), 150 mesh silicone carbide grains (5 x 500g packs), vice for polishing, colour comparison chart and forceps.

Compatible with 11300-0, 11305-0, 11400-6 and 15550-0 corrosion baths.

Note: An ASTM12C thermometer and a corrosion bath, are required.

11515-0
(components for 1 test position only)

COPPER & SILVER TEST STRIPS

11550-0 COPPER TEST STRIP

ASTM D4048; IP 112; BS 2000 Part 112

- 99.9% purity

Finished to 75 x 12.5 x 2.4mm. Ready for final polish according to the test method. Supplied in pack of 30 strips.

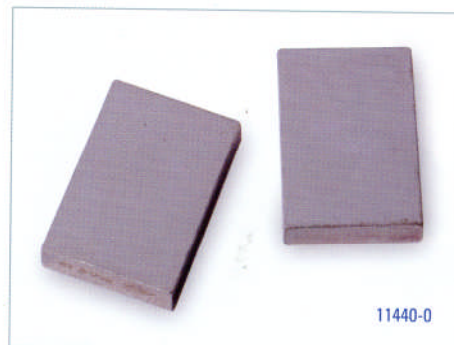

22190-0

22190-0 COPPER TEST STRIP

ASTM D1838; IP 411; BS 2000 Part 411; BS 6924; EN 6251; ISO 6251; NF M41-007

- 99.9% purity

Finished to 75 x 12.5 x 2.4mm with 3.0mm hole for suspension. Ready for final polish according to the test method. Supplied in pack of 30 strips.

11440-0

11440-0 SILVER TEST STRIP

ASTM D4814; IP 227 (obs); IP PM DJ 2005

- 99.9% purity

Finished to 19 x 12.7 x 3mm. Ready for final polish according to the test method. Supplied in pack of 5 strips.

ACCESSORIES - Copper & Silver Test Strips

OPTIONAL	
11241-0	SILICONE CARBIDE PAPER, 105µm (150 grit FEPA), 28 x 23cm, pack of 50.
11460-0	SILICONE CARBIDE PAPER, 65µm (240 grit FEPA), 28 x 23cm, pack of 50.
11470-0	SILICONE CARBIDE PAPER, 100 grit FEPA, 28 x 23cm, pack of 50.
11480-0	SILICONE CARBIDE GRAINS, 105µm (150 mesh), 500g/pack, 5 packs.
11530-0	SETA MULTI-STRIP VICE, holds up to five strips while polishing.

Note: Other items which may be required include: Petroleum Spirit 40/60, Diethyl Ether.
